

## WILL MAKE UP BILLS

### Republicans Plan to Arrange Action.

### Every Recommendation of Platform to be Followed.

### Many Acts Will Be Proposed and These Will Be Accompanied by Resolutions.

When the members of the legislature come to Honolulu, which they are expected to do about the first of the coming month for the purpose of a caucus on the county bill, they will find that the local committee has prepared a lot more work for them, if present plans are carried through. It is now the intention of the leaders of the Central Committee to have introduced in both houses very soon after the gathering of the legislature, bills and resolutions bearing upon every point touched by the platform of the party.

The Republican platform, on which the winning fight was made, had for its keynote the county and city bills, and the work of preparing these is so far advanced that next week will see under way consideration of it by the committee of the party, for the commission will then be finished with the county section of its task. The bill has been carefully drawn, and it is safe to say that there will be nothing that will prevent the measure being fully ready for action when the session meets, and as well that it will be in such shape that it will commend itself to the people.

In the view of many of the members the pronouncement of the party on labor is second only, and efforts will be made to secure the passage of laws which will reserve for Hawaiians all labor upon the public works, and which will also make it impossible for the native people to be discriminated against in the lines of endeavor for which they are peculiarly fitted. In the list of enactments which are proposed will be an eight-hour law.

The system of taxation will be the subject of a measure which it is hoped will secure careful and complete consideration. The measure will be drawn carefully after the county bill has been passed upon, so that it will be in accordance with the provisions of the act and the reform of the system is contemplated by the men who have the matter in hand.

Among the provisions which will be

## PREPARING AN APPEAL

### Tanbara Still Has a Long Time to Live.

The attorneys for Tanbara Gisaburo, the murderer of Captain Jacobsen, have finally begun preparing an appeal to the United States Supreme Court and the execution of the condemned murderer may be delayed for months and probably for a year. Stenographer Avery has been requested by Attorney Thompson to make up a transcript of the evidence in the murder trial before Judge Estee which will be used in an application for writ of error.

It is almost time to hear from President Roosevelt regarding the reprieve granted to Tanbara if he uses the cable for that purpose. There has been just time enough for the papers in the case to reach Washington, and action by the President is expected within a short time, as he has before him all the information that may be required. A complete record was sent to Attorney General Knox by United States Attorney Breckons as well as his recommendations in the matter, and Secretary Cooper also sent on the facts upon which the Governor acted, so there is no reason for delay. It is not expected that the reprieve will be approved as it was given simply to allow time for an appeal, and has now served its purpose. Even though President Roosevelt does not grant a further stay there will still be ample time to perfect the appeal, as when Judge Estee again passes sentence upon Tanbara he will fix the date at least sixty days ahead.

#### Prof. Miller Resigns

Yesterday at the meeting of trustees, Prof. Miller, of the Oahu College staff, presented his resignation, to take effect

#### The Divided Fifty Dollars.

Honolulu, December 8, 1903.

Editor Advertiser: In a notice appearing in your columns this morning anent the performance of the Kiloana Art League Dramatic Circle, the somewhat ambiguous wording would lead the casual reader to believe that each member of the Honolulu Dramatic Association, Messrs. Rockwell, Adams and Dunn, received the amount of \$50 for their services.

This is an error. The school as a whole received the sum of \$50, a special rate which covered the hire of wigs, use of make-up material, and services of make-up artist, besides all coaching and personal services. There are, besides, four members of the association. Trusting you will insert this correction, I remain, yours truly,  
ALLAN DUNN.

### GOVERNMENT OWNS BISHOP STREET

A deed has just been filed with Registrar Thrum by which Bishop street is conveyed to the government in fee simple. The deed is given by the Bishop Estate trustees and Alexander Young and there is no monetary consideration. The property conveyed has an area of 26,986 square feet. The Bishop Estate trustees and A. Young agree to curb it, and the Public Works Department will then accept it as a public highway. The government agrees to macadamize the street within a certain number of months, and to pave the gutters with stone and to build sewers. The parties granting the land are expressly exempted from liability for any improvements to the street to either Fort, King, Hotel or Alakea streets, and are not liable for any widening of these streets. The government agrees also not to permit any hack stand or street railway to be located on Bishop street without the consent of all property owners. Special privilege is granted to run electric wires on the street, though underground, and the parties deeding the land are allowed to have basement apartments in the building.

## Decayed Eggs

are often made by poor Incubators. Results, no chicks and eggs wasted.

### Cyphers Incubators

don't do this. They hatch a bigger percentage of fertile eggs than any other make of Incubators in the world. This statement is made on basis of actual government tests.

We have tried the No. 0 size twice lately and got 38 chicks out of 40 eggs the first time and this week hatched 42 out of 50 eggs.

We regulated the machine and it ran itself; all we had to do was to give it a little oil every morning to keep the lamp burning.

We can furnish you machines from 60 to 220 egg capacity and we have brooders as well.

## E. O. HALL & SON

LIMITED

Corner Fort and King Streets.

### ASK FOR Crystal Springs Butter!
